RUSSIAN-AMERICAN LINE.

Steamships to Run Between Baltic Ports and New York.

WASHINGTON, Dec. 20.—The United States charge at St. Petersburg reports that the Georgius, the first steamer of the new United Steamship company of Copenhagen, to run between Russian Baltic ports and the United States, sailed from Riga Nov. 8 for Boston and New York, and was to be followed by a second sailing about the end of November. The company is satisfied that they can find ample freight in the United States, the difficulty being to secure the cargoes from Russia. The managers intend to build three new ships themselves for this line and hope to find capital for three others in the United States.
